

2020 IMPACT REPORT

In 2020 the Rape Crisis Center expanded our mission statement to reflect our long standing work with human trafficking survivors.

Our mission is offering hope, help, and healing to those affected by sexual violence and exploitation. Making an impact through the core services of: prevention, education, advocacy, and counseling.

Years ago, people were too scared to talk. By adding Spanish Speaking services, people are able to find the help they need. They feel empowered, and it even helped create a supportive network within their community.”

[SPANISH TRANSLATION]

Hace años la gente tenía demasiado miedo de hablar. Al añadir servicios en Español la gente puede encontrar la ayuda que necesita. Se sienten empoderados e incluso ayudó a crear una red de apoyo dentro de su comunidad.
